WHO WE ARE

Boot Camp Northwest, Inc. (BCNW) is a ministry formed by men who experienced deep, restorative healing in their lives after attending a "Wild at Heart" conference in Colorado. The conference was sponsored by Ransomed Heart Ministries and led by "Wild at Heart" author John Eldredge and the Ransomed Heart ministry team.

These men returned to the Northwest awakened to the need to help other men understand who they truly are in Christ and what it means to be a masculine Christ-follower.

After sponsoring a conference based on "Wild at Heart" near Portland, Oregon in July 2004, these men formed Boot Camp Northwest (a tax-exempt, non-profit organization) as a ministry to men. BCNW is neither affiliated with nor sponsored by Ransomed Heart Ministries.

BOOT CAMP NORTHWEST

A Spiritual ADVENTURE for Men
April 23-26, 2009

Based on
WILD at HEART
the best-selling book by John Eldredge

DISCOVERING THE SECRET
of a MAN'S SOUL

WHAT IS BOOTCAMP NW?

Many men say this is the most life-changing event they've ever attended. This retreat is structured to lead men into the spiritual battle to recover their masculine heart and help them discover how to live a life of adventure through a more intimate relationship with Jesus Christ. Men take part in multimedia and interactive sessions centered on the Bible and the biblically based concepts from the best-selling book, **"Wild at Heart"** by author John Eldredge.

Men have opportunities to challenge themselves at a two acre indoor sports complex and pool (camp permitting) and face their fear through zip cable rides, a "leap of faith" event and rock wall climbing.* Multiple times are scheduled for men to have intimate conversations with God to hear His voice, receive His healing and understand their calling in Christ. The men leading the teaching sessions have attended numerous camps led by "Wild at Heart" author, John Eldredge and his ministry team; however, Boot Camp Northwest, Inc. (BCNW) is neither affiliated with nor sponsored by *Ransomed Heart Ministries*.

*Participation in physical/athletic activities at Boot Camp is optional.
